Helmets Available Soon!

If you ride a bike, scooter or skateboard to school and need a helmet, Club Live can provide one to you at no cost. Helmets should be available soon.

A QR code will be provided to students who would like to sign up for a free helmet. Students will be contacted by Club Live staff to receive their helmet.

Remember! Minors under 18 years old are required by law to wear a helmet.

Survey Results

A observational pre-survey was completed on November 16th, 2023.

Out of 31 students observed:

--Only 1 student riding a bike, skateboard or scooter was observed wearing a helmet.

Out of 241 pedestrians observed:

--49% of students did not use the crosswalk

--6% of students were observed wearing earbuds or visibly distracted.

Jackman Club Live leaders will be hosting various education and awareness activities to increase helmet usage and promote bike and pedestrian safety.

Safety Challenge!

Wear a helmet every time you ride a bike, scooter or skateboard to school.

Be distraction free. Keep phones and earbuds tucked away while travelling to and from school.

Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration
